Chapter 18 FIRST MOON PHASE

2nd uon descending

Vircingetoris is a demi-god!

It is difficult to decide between 'enlightened' dictatorship and absolute democracy is beginning to bug Vircybaby.

Vircingetoris MUST make absolute demcoracy to be a god.

His Mortal Coil sheathed in partial immortality stands in his roam thinking.

It |s good to think.

It is not good to sink.

Yet the attraction of gravity keeps his feet stuck to the ground!

O poor Vircytootsie.

Take a bow-leap.

Or rule the world!

"Ha Ha Ha Ha Ha Ha" Vircingetoris'^s nervous laugh sends a drop in westcoast stock-counts.

AC has a westcoast, middlearea; and easternfront.

Why don't we go there!?

Or Vircingetoris could become wild again like scotchhillveterans.

His glittery primed-biotechnologybody is a horrid mutation and advancement of neuro-

endocrinesubsystems. His black, blue, and silver sleek costume is silver with metal, silver interlockedchains charcoaled, with steelplates, and with a bikerhelmet. You know, like hackers.

With personal possession of 1000's of laser'tanks' he simply vibrates with power.

Where to put the energy?

Considering he doesn't necessarily have to get out of this alive it would still make sense to put the power into the hands of the people who build the variedstructures of it.

Suicide won't work because it puts the people into grief and vengeance.

A simple political-stepout with a last speech should do it to push the media into frenzied jack-healing hyenas and drive stocks into the greedily waiting people.

This would then swing over the over the political parties into the lords of the continually upending customer service.

A general utopian nature governed by an absolute democracy with a year cease-fire against other lords, the east!

Go to the east.

Take it high, take it high, take it low.

Thevr cities fall to our massive robotarmy remote-controlled via satelittleconnection-cyborgsoldiers.

AC's revenge is ultimate and profitable. AC takes the whole of the pre-postholocaust Earth equivalent continent of AFRICA.

is temporarily secured and there is another ceasefire between 2016 and 2017.

Due to increased information flow all societies on Earth will achieve absolute democracy by 2018.

AC gets to act and makes no military aggression against post pre-postholocaust India.

Accelerated evolution on personal & world-widelevel will be achieved by 2020. Perpetual Profit.

With all of 'Europe' and all of 'Africa' we rule the world by commerce. Perpetual Profit.

The red-white-and-blue is iwortal

Also Immortal is red, green, yellow, white, and black.

Vircingetoris rules as a priest in Africa and as absolute democracy.

Vircingetoris rules as Warlord in Europe.

Fanning out the voting-lines is impossible with computerlive Internet- voting-procedures.

Buh by now holographs are the thing!

It burg inpossible to stop all of the citizens with cityinterior-tankforces there could be a mutiny on this spaceship.

AC's high-powered verticalstructures are launched into space! Colonies!

The world is stunned, glorified.

Public-relations come to the extent of requested communals. Especially considering the key-personnel chosen for the Quest. Spykills...

He does backward-dealing with some lords proffering lands, leaning in the general direction.

Vircingetoris is Immortal!

He is suitably crowned.

Taking again the provisional 'enlightened' dictatorship 3rd clause to the right, AC attacks the entire eastern frontier. This is because he wants to take over the world! What is one world? When there are so many??

With peaceful acceptance of labourers from capturedcities the Earth is made to bear the fruit it should be bearing in Motherly Grace.

Internet is necessary.

The Prime Material Plane connects the Astral Plane!

Utterhell breaks loose!

AC is good with dealing with hate.

Now creatures are just stepping between each other in the multiversecosmopolitan of the hells of the Astral Plane!

Death to them all!

Kill Spies, pussycat, KillSpies!

Utter chaos burns through AC. 'tanks' are useless against superhero's!

With absolute power the Astral Plane controls the Prime Material Plane against absolute democracy.

Vircingetoris is the mighty hero who is against this!
